

IMPORTANT TAX INFORMATION

GENERAL INFORMATION

Ad valorem tax, more commonly known as property tax, is a large source of revenue for local governments in Georgia. The basis for ad valorem taxation is either the current use value or in most cases the fair market value, which is established as of January 1st each year. The tax is levied on the assessed value of the property which, by law, is established at 40% of value. The amount of tax is determined by the tax rate (millage rate or mill rate) levied by various entities. (One mill is equal to \$1.00 for each \$1,000.00 of assessed value or .001).

There are several distinct entities involved in ad valorem taxation:

The County Tax Commissioner, an office established by the Constitution and elected in all counties except one, is the official responsible for receiving tax returns filed by taxpayers or designating the board of tax assessors to receive them; receiving and processing applications for homestead exemption; serving as agent of the State Revenue Commissioner for the registration of motor vehicles; and performing all functions relating to billing, collecting, disbursing, and accounting for ad valorem taxes collected on behalf of the county, county school and State of Georgia.

The County Board of Tax Assessors, appointed by the county governing authority in all counties except one, is responsible for determining what property is taxable and seeing that properties are appraised and assessed fairly and equally so that each taxpayer pays as nearly as possible only such taxpayer's proportionate share of tax. The board notifies taxpayers of their real property assessments annually and when changes are made to the value of personal property; they approve all exemption applications; and they receive, review, and process appeals filed by taxpayers.

The County Board of Equalization, appointed by the Grand Jury, is the body charged by law with hearing and adjudicating administrative appeals to property assessments made by the board of tax assessors. The appeal process available to taxpayers also includes **Hearing Officers** and **Arbitration** in lieu of an appeal to the board of equalization.

The Board of County Commissioners or County Governing Authority (or the sole Commissioner in some counties), an elected body, establishes the budget for county government operations each year, and then adopt the mill rate necessary to fund the portion of the budget to be paid for by ad valorem tax.

The County Board of Education, an elected body, establishes the annual budget for school purposes and they then recommend their mill rate, which, with very few exceptions, must be levied for the school board by the county governing authority.

The State Revenue Commissioner exercises general oversight of the entire ad valorem tax process. In addition, the State levies ad valorem tax each year in an amount not to exceed one-fourth of one mill (.00025).

TAX RETURNS

Taxpayers are required to file at least an initial tax return for taxable property (both real and personal property) owned on January 1st of the tax year. In all counties, the time for filing returns is January 1 through April 1. In Putnam County, returns are filed with the Tax Assessor. The tax return is a descriptive listing of the property owned by the taxpayer which includes the taxpayer's declaration of the value of the property.

Once the initial tax return is filed, the law provides for an automatic renewal of that return each succeeding year at the value finally determined for the preceding year. The taxpayer is required to file a new return only as additional property is acquired, improvements are made to existing property, or other changes occur. A new return, filed during the return period, may also be made by the taxpayer to declare a different value from the existing value where the taxpayer is dissatisfied with the current value placed on the property by the board of tax assessors. This serves the purpose of establishing the taxpayer's appeal rights if the declared value is changed again by the board of tax assessors.

HOMESTEAD EXEMPTIONS

Various homestead exemptions have been enacted to reduce the burden of ad valorem taxation for Georgia homeowners. The exemptions apply to property owned by the taxpayer and claimed as his or her legal residence.

Applications for Homestead Exemption: An applicant seeking a homestead exemption shall file a written application with the County Tax Assessor at any time during the calendar year subsequent to the property becoming the primary residence of the applicant up to and including April 1st, for which the exemption is sought. Homestead applications received after that date will be applied to the **next**

year's tax bill. Once granted, the homestead exemption is automatically renewed each year and the taxpayer does not have to apply again unless there is a change of ownership or the taxpayer seeks to qualify for a different exemption.

Local Homestead Exemptions: Under authority of the State Constitution several different types of homestead exemptions are provided. In addition, local governments are authorized to provide for increased exemption amounts and several have done so. The Tax Commissioner in your county can answer questions regarding the standard state exemptions as well as any local exemptions that are in place.

Local County Exemptions supersede the state exemption amount when the local exemption is greater than the state exemption.

Putnam County has such exemptions:

Local Homestead Exemptions: Each resident of Putnam County is entitled to an exemption not to exceed \$10,000.00 on the property he owns and occupies as his permanent residence on January 1st of the taxable year. This \$10,000.00 is deducted from the assessed (40%) value of the property for county and school tax purposes except bonded indebtedness. *The value of the property in excess of the exempted amount is subject to all taxes.*

Local Senior Citizens' Frozen Value: A senior citizen is defined as a person who is 70 years of age or older on or before January 1st of the year in which the application for the exemption is made. Each resident of Putnam County who is a senior citizen may be granted an exemption equal to the difference of the current year assessed value and the base year assessed value in which the exemption under this Act is first granted. This exemption is in addition to any other homestead exemption and does not apply to improvements or additions made to the homestead after January 1st of the base year. The Act provides for the same exemption for senior citizens for ad valorem taxes for educational purposes. A copy of driver's license or proof of age must be provided when filing an application with the county tax assessor for approval of this exemption.

Local Base Year Floating Exemption: This homestead exemption applies to property located in Putnam County and is in addition to any other homestead ad valorem tax exemption. Each resident in Putnam County is allowed a homestead ad valorem tax exemption to the extent their property exceeds the "adjusted base year assessed value" of the property. The "base year" is the taxable year immediately preceding the year this exemption is granted. If the fair market value of the property increases, the tax assessor may increase the taxable value annually by either 3% of the adjusted base year value or the percentage change in the consumer price index, whichever is lesser. The difference in this annual adjustment and the current year assessed value is the amount of the exemption. Among the exceptions to this exemption are additions or improvements made to the homestead after January 1st of the base year. The act provides for the same calculated exemption with regards to ad valorem taxes for educational purposes.

Surviving Spouse Homestead Provision: An un-remarried surviving spouse may continue to receive the homestead exemption at the base value established for the deceased spouse, upon application and qualification. *This exemption only applies to those counties that passed a local base year floating exemption.*

Local Freeport Exemption: Applies to manufacturing facilities. 100% exemption on manufacturing facility's raw materials inventory, goods in progress inventory, and inventory held less than one year. A personal property tax return must be filed with the Putnam County Tax Assessor between January 1st and April 1st each year.

Other Homestead Exemptions provided by the State:

Standard Homestead Exemption is available to all homeowners who otherwise qualify by ownership and residency requirements. It is an amount equal to \$2,000.00, which is deducted from the 40% assessed value of the homestead property. The exemption applies to the maintenance and operation portion of the mill rate levy of the county and the county school system and the State mill rate levy. It does not apply to the portion of the mill rate levied to retire bonded indebtedness.

Standard Elderly School Tax Homestead Exemption is an increased homestead exemption for homeowners 62 and older where the net income of the applicant and spouse does not exceed \$10,000.00 for the preceding year. A portion of Social Security income and certain retirement income are excluded from the calculation of the income threshold. This exemption applies to school tax including taxes levied to retire bonded indebtedness. The amount of the exemption is up to \$10,000.00 deducted from the 40% assessed value of the homestead property.

Standard Elderly General Homestead Exemption is available to homeowners who otherwise qualify and who are 65 and older where the net income of the applicant and spouse does not exceed \$10,000.00 for the preceding year. A portion of Social Security income and certain retirement income are excluded from the calculation of the income threshold. This exemption which is an amount up to

\$4,000.00 deducted from the 40% assessed value of the homestead property applies to county, school and state tax, but it does not apply to taxes levied to retire bonded indebtedness.

Homestead exemption for Senior Citizens is an amount equal to the actual levy for state ad valorem tax purposes on the residence and no more than 10 contiguous acres of land for qualified applicants age 65 and older.

Disabled Veterans Homestead Exemption is available to certain disabled veterans or to the un-remarried spouse or minor children in an amount up to \$60,000.00 plus any economic indicators set by the Department of Veterans Affairs deducted from the 40% assessed value of the homestead property. This exemption applies to all ad valorem tax levies. However, the exemption is restricted to veterans with certain types of serious disabilities and proof of disability, either from the Veterans Administration or in certain circumstances, from a private physician.

Surviving Spouse of a Member of the Armed Forces killed in Action Exemption is available to the un-remarried surviving spouse of a member of the armed forces of the United States who was killed in or who died as a result of any war or armed conflict engaged in by the United States. The surviving spouse must furnish appropriate documentation from the Department of Defense that spousal benefits are received as a result of the death of the armed forces member.

Peace Officer or Firefighter Homestead Exemption is available for the surviving spouse of a peace officer or firefighter who was killed in the line of duty. The surviving spouse is exempt from the full value of the homestead with respect to all ad valorem taxes

The Floating or Varying Homestead Exemption is an exemption which is available to homeowners 62 or older with gross household incomes of \$30,000.00 or less. The exemption applies to state and county ad valorem taxes, but does not apply to school taxes. The exemption is called a floating exemption because the amount of the exemption increases as the value of the homestead property is increased.

Property Tax Deferral Program provides for a method for qualified property owners 62 and older with gross household income of \$15,000.00 or less to defer, **but not exempt**, the payment of ad valorem taxes on a part or all of the homestead property. Generally, the tax would be deferred until the property ownership changes or until such time that the deferred taxes plus interest reach a level equal to 85% of the property's fair market value.

Approval or Denial of Homestead: With respect to all of the homestead exemptions, the board of tax assessors makes the determination of eligibility; however, if the application is denied, the taxpayer must be notified and an appeal procedure is then available for the taxpayer.

PREFERENTIAL AND SPECIALIZED ASSESSMENT PROGRAMS

Agricultural Preferential Assessment Program is available for certain property owners of agricultural property. The property is assessed at 30% of fair market value rather than 40% of fair market value. The property owner must enter a 10-year covenant with the board of assessors and penalties may apply if the covenant is breached.

Conservation Use Tax Assessment program provides for an assessment based on a statutory "use-value" as opposed to an assessment based on fair market value. Qualified properties include certain agricultural land, timber land or environmentally sensitive property. The residence and the lesser of 2 acres or minimum acreage required pursuant to local zoning must be excluded from new or renewal covenants. In addition, up to 50 acres of subsequently acquired property may be added to an existing covenant.

Forest Land Conservation Use Assessment provides for an ad valorem tax exemption for property primarily used for the production of trees, timber or wood fiber products. The property may have secondary uses such as the promotion, preservation, or management of wildlife habitat; carbon sequestration; mitigation and conversation banking; or the production and maintenance of ecosystem products. This 15-year covenant agreement between the taxpayer and local board of assessors is limited to forest land tracts consisting of more than 200 acres. Penalties may apply if covenant is breached.

Rehabilitated and Landmark Historic Assessment includes property that qualifies for listing on the Georgia or National Register of Historic Places. This preferential assessment extends to the building and no more than two acres. Property under this special program must be certified by the Department of Natural Resources as rehabilitated historic property or landmark historic property. The exemption equals the difference between current fair market value and the higher of the acquisition cost or assessment of fair market value at the time the original 10-year covenant was entered.

Brownfield Property Assessment includes property which qualifies for participation in the state's Hazardous Site Reuse and Redevelopment Program and which has been designated as such by the Environmental Protection Division of the Department of

Natural Resources. This program effectively freezes the taxable assessment for 10 years as an incentive for developers to clean up contaminated property and return it to the tax rolls. It allows eligible owners to recoup the certain costs associated with the cleanup.

ASSESSMENT APPEALS

The Board of Tax Assessors is required to issue a notice of assessment to taxable tangible real and personal property. Upon receipt of this notice, the property owner desiring to appeal the assessment may do so within 45 days. The appeal may be based on taxability, value, uniformity, and/or the denial of an exemption.

The written appeal is filed initially with the Board of Tax Assessors. The state of Georgia provides a uniform appeal form for use by property owners. In the initial written dispute the property owner must declare the chosen method of appeal.

The three methods of appeal include:

Board of Equalization: The appeal is filed by the property owner and reviewed by the board of assessors. The board of assessors may change the assessment and send a new notice. The property owner may appeal the assessment in the amended notice within 30 days. The second appeal may be made by the property owner, or any initial appeal which is not amended by the board of assessors is automatically forwarded to the Board of Equalization. A hearing is scheduled and conducted and the Board of Equalization renders its decision. If the taxpayer is still dissatisfied, an appeal to Superior Court may be made. In addition, by mutual agreement, the taxpayer and county board of tax assessors: 1) may agree in writing on the fair market value of the property under appeal to the county board of equalization and such agreement shall conclude the appeal and shall be subject to the provisions of O.C.G.A.48-5-229(c); OR 2) may waive an appeal to the county board of equalization and initiate the appeal directly to Superior Court.

Hearing Officer: The taxpayer may appeal to a Hearing Officer, who is a certified appraiser, when the issue of the appeal is the value of non-homestead real property, but only when the value is equal to or greater than \$1,000,000.00. If the taxpayer is still dissatisfied, an appeal to Superior Court may be made. In addition, by mutual agreement, the taxpayer and county board of assessors may agree in writing on the fair market value of property under appeal to the county hearing officer and such agreement shall conclude the appeal and shall be subject to the provisions of O.C.G.A.48-5-229(c).

Arbitration: An arbitration appeal is filed with the Board of Assessors who must notify the taxpayer of the receipt of the arbitration appeal within 45 days. The taxpayer must submit a certified appraisal of the subject property which the Board of Assessors' may accept or reject. If the taxpayer's appraisal is rejected, the Board of Assessors must certify the appeal to the County Clerk of Superior Court for arbitration. The arbitration is authorized by the judge and a hearing is scheduled within 30 days. A decision will be rendered at the conclusion of the hearing, which is a final decision and may not be appealed further.
